Fullstack Web Developer

SUMMARY

Fullstack developer who has shipped e-commerce, learning management, and promo platforms end to end, from database schema and API routes to responsive UI. Background in automating document workflows in a live legal operations environment.

EDUCATION

Institute of Creative Computer Technology, Cainta Campus | *Cainta, Rizal*
Bachelor of Science in Information Technology, Cum Laude | Jan 2021 – Dec 2024

EXPERIENCE

Global Strategic Business Process Solutions
Client Support Specialist | Apr 2025 – Present

- Designed and built internal web tools with React, Next.js, and TypeScript, deployed on Vercel and Cloudflare, that automate Excel, Word, and PDF processing and cut manual workload by approximately 20%.
- Built OCR-based data extraction and document generation pipelines using Tesseract.js, SheetJS, Docx, and PDF.js, standardizing outputs across high-volume case files, with Neon PostgreSQL for backend storage.
- Supported attorneys with case-file organization, document preparation, electronic service, and court e-filings under strict deadlines.

Cloudwalk Digital Inc.
Junior Web Developer Intern | Sep 2024 – Dec 2024

- Built responsive, accessible web applications and reusable UI components with Next.js, React, TypeScript, and Tailwind CSS.
- Supported deployment workflows using Git, GitHub, CI/CD pipelines, and Vercel.

PROJECTS

Lume E-Commerce | *Next.js, TypeScript, Prisma, PostgreSQL, Stripe | lume-ecommerce.vercel.app*

- Built a full-stack e-commerce platform with product discovery, cart management, and checkout; integrated Stripe Checkout for secure payments and order confirmation.

LMS x AAI | *Next.js, TypeScript, Prisma, PostgreSQL, NextAuth | cwd-lms.vercel.app*

- Built a learning management system for courses, assignments, and quizzes, with REST APIs and role-based access control for admins, teachers, and students.

Surf x Bini | *Next.js, TypeScript, AWS, Prisma, PostgreSQL | bini-con.vercel.app*

- Built a promo platform where consumers submit entries and an admin-side CMS lets staff review and validate each one for reward eligibility; integrated AWS cloud storage for media and file handling.

ALAW iMail | *Web App, PDF Processing, Excel | alawimail.vercel.app*

- Built a web app that renames PDF files and logs each one to an Excel report, plus Windows batch scripts that automatically transfer files between folders based on conditions.

Case Tracker | *Next.js, TypeScript, Neon PostgreSQL, Vercel*

- Built an editable table web app backed by Neon PostgreSQL, plus a text tool for caps and title-case conversion.
